

AC-3 Cleaner

Quick acting cleaner for masonry and stone

AC-3 Cleaner is one of the safest and most effective all purpose acid cleaners on the market. Formulated with a comparatively safe acid, strong detergent and solvents AC-3 Cleaner provides fast, 3-way cleaning action. It penetrates deeply - dissolving and dislodging dirt, oil, grease, etc. from brick, pavers, stone or concrete. Stains are bound and trapped into a foam which rises to the surface where it is rinsed away ...for easy cleaning and removal. AC-3 Cleaner has a pleasant, clean odor and does not emit harmful or corrosive fumes*.

Renew aged brick - Cleans efflorescence and mineral deposits

Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution left on surface and application method. Used as directed, Phosphoric Acid Cleaner will cover approximately 250 - 1,000 square feet per gallon.

- Removes efflorescence, salts, dirt, grease and mineral deposits from masonry such as:

Brick	Concrete
Stone	Marble
Pavers	Ceramic Tile
Terazzo	Slate

- Cleans and renews old, weathered and stained concrete and masonry buildings
- Etches and cleans concrete floors in preparation of painting
- Prepares surface to receive weatherproof treatment or coating
- Removes cement drippings and waste from new surfaces
- Removes grease, dirt and oil from metal surfaces
- Brighten and cleans off oxidation
- Cuts zinc coating and film.

Etch concrete before applying epoxy

*Removes grease & dirt which impedes bonding
Allows deeper penetration of epoxy to maximize bond and prevent lifting of coating.*

Clean efflorescence off pavers & brick

*Removes mineral build up & staining on masonry
Breaks down years worth of dirt, oil and grime
Gentle on stamped concrete & colored pre-cast*

Neutralize and remove rust from steel

Converts iron oxide rust to allow easy removal with wire brush or wire wheel

Stops or slows the spreading of rust
